

SEM Image of Nano Silver 80 nm

**Metal Anti-Microbial Silver Nanoparticles, Ag, 80 nm, 99.99%**

Particle size	80nm
Purity	99.99%, metal basis
CAS No.	7440-22-4
EINECS No.	231-131-3
Appearance	grey black solid powder
Properties	With low apparent density and good liquidity. And it has good oxidation resistance.
